

EIMA, Bologna (Italy), 9th November 2016

SDF and Kramp announce the extension of their partnership agreement.

SDF and Kramp announce that their strategic business cooperation has been renewed for the next five years, until 2021.

In addition to the SDF genuine parts supplied directly by SDF, the agreement will allow SDF dealers and importers to have access to the extended product range available from Kramp via the Agricenter branded web shop, to support their customers' needs related to a whole range of agricultural business activities. The product range offers over 500,000 parts and accessories for agricultural, forestry and garden machinery. Almost all products ordered can be delivered through an 'in night' service or the next day to most of the customers in Europe.

Kramp is also supporting SDF in further developing its network of Agricenter retail outlets, which is available to all SDF dealers to provide an attractive retail store.

The renewed partnership includes the complete merchandising business for DEUTZ-FAHR, SAME and the other SDF brands; a range of products which have been developed to reflect the quality, image and design of SDF commercial brands.

"It gives me great pleasure that we have renewed the agreement with SDF", says Eddie Perdok, CEO of Kramp Groep. " Previous years have proven that this cooperation is beneficial for both Kramp and SDF as well as for our customers. As Kramp, we want to be the essential partner for our customers and suppliers. The cooperation with SDF helps us in achieving this vision."

"We are pleased to extend such a strategic partnership with Kramp, a market leader in the agricultural parts and accessories sector. We believe that this agreement will help us to further grow our parts business, reaching our goal to offer a complete range of parts and accessories to our network and our final customers," commented Lodovico Bussolati, CEO of SDF.

Farming Technology. Since 1927.

About SDF

SDF, with Italian headquarters in Treviglio (Bergamo), is one of the leading manufacturers of tractors, combine harvesters and harvesting machinery. It distributes its products with the brand names DEUTZ-FAHR, SAME, Lamborghini Trattori, Hürlimann, Grégoire, Lamborghini Green Pro and Shu-He. The tractors range from 23 to 340 hp, while the harvesting machinery ranges from 32 to 395 hp.

Throughout the world SDF has 8 production sites, 13 commercial branches, 2 joint ventures, 141 importers and over 3,000 dealers, with over 4,100 employees worldwide. In 2015 the company recorded revenue of € 1,390 million and an EBITDA of 9%.
